**Sunday, October 9**

**AT MORAVIAN COLLEGE  
Bethlehem, PA**

*Clinic*

*Coaches*

**2011**

## Dear Coach,

We are pleased to announce our Greyhound Basketball Coaches Clinic which has been held annually for over thirty years. It is still the only one of its kind in the Lehigh Valley which is just a short distance from anywhere in PA, NK, DE, and parts of NY and MD. It is also the longest continuous running clinic in the East that we know of.

We always have a great staff. Six of our former speakers are Hall of Famers and our speakers over the years have won numerous national championships at the collegiate and high school levels. This year's staff is no exception. You will have the opportunity to hear some very successful coaches speak on a variety of topics. We invite male and female coaches at all levels to bring their entire staff.

Our cost is still the lowest you will find anywhere. We hope you can get out to hear these outstanding speakers. It will be a great day of basketball.

Yours in coaching,

Jim Walker, Clinic Director

display team merchandise.

## Clinic Staff

### Kevin Willard-Seton Hall University

The 2010-11 season was Kevin's first at Seton Hall after 3 seasons as the head coach at Iona. He led the Iona Gaels to one of Division I's best turnarounds and in 2009-10 they finished 21-7 and he was named MAAC Coach of the Year. This young enthusiastic coach has instilled both the Seton Hall Pirates and Iona with his up tempo aggressive style of play. Prior to Iona, Kevin was an assistant coach at Louisville for six years under Rick Pitino during which the Cardinals won an average of 24 games a season. He also served as a Boston Celtics assistant coach for four seasons. He was a point guard at both Western Kentucky and Pittsburgh before entering the coaching ranks.

### Joe Mihalich-Niagara University

Joe Mihalich has led the Niagara Purple Eagles to new heights not reached in Western New York in many years. His 223 career victories place him second among Niagara mentors in the school annals. He was also the first coach to reach 100 wins in just his sixth season at the helm. The accomplishments during Mihalich's first dozen years of coaching have yielded an NCAA Tournament victory, two NCAA tournament berths, a pair of MAAC Tournament titles, two berths into the NIT, a trio of MAAC regular-season crowns, national, regional and conference accolades for his student-athletes and top 25 rankings in the CollegeInsider.com Mid-Major Poll. Mihalich's teaching and motivation skills, his commitment to excellence and his intensity and determination have been the reasons for the turnaround in the Niagara program and the same qualities are evident in the Purple Eagle teams and individual players. He has also been assistant coach at LaSalle University and at DeMatha HS.

### Kevin Boyle-Montverde Academy

In his 23 seasons as head coach of St. Patrick's High School in Elizabeth, NJ Kevin Boyle turned the small parochial school into a national powerhouse. His teams won more than 500 games and have been ranked in the USA Today National Poll for over 19 years. His 2010-2011 team finished the season 31-1 and ended the season as the #2 team in the country in USA Today's final poll. Various NBA players and a great number of division I players have gone through the St. Patrick program. Kevin has recently been named as the head coach at Montverde Academy in Florida. Boyle has also made a name for himself as a camp instructor and lecturer both at his own camps and at camps all over the country. As a player, Coach Boyle came out of Clark High School to play his college ball at Seton Hall University and St. Peter's College. The intensity and work ethic that made him a successful player have also become his trademarks as a coach.

### Bob Hurley-St. Anthony's High School

Bob Hurley's teams have amassed 26 state championships, 11 Tournament of Champions titles and more than 1000 wins in his 39 years as a coach at St. Anthony's. Hurley is the 10th coach in high school history to win 1000 games. Five of his teams have gone undefeated. In 2010, he was announced as the only third high-school coach in history to be so honored with selection into the Basketball Hall of Fame. His teams are known for their speed, defensive intensity, and precise ball movement. Over the years, more than 100 graduates of the program have earned Division I basketball scholarships, including six from the 2007-08 team. Every senior to graduate from his program has won at least one state championship, with many winning several. Hurley has also produced a total of five first-round NBA draft picks.

### Jim Wills - Strength and Speed Consultant

Jim has worked with numerous male and female high school and college teams for many years. His area of expertise is strength, speed and quickness, especially for basketball players. He has been a personal trainer at The Lehigh Valley Racquet and Fitness Center and he is a teacher and basketball coach at Nitochmann Middle School.
